*In our daily lives we value the principles of justice and mutual respect embracing all denominations and cultures. We endeavour to nurture and maintain a school community, which involves the partnership of staff, students, parents, trustees and the local community.*

*In the pursuit of this ideal we provide a broad and balanced range of curricular and extra-curricular experiences for all students.*

## ETHOS

The mission of the College is the education of the individual as a whole person.

In the pursuit of this ideal, the College will provide a broadly based curriculum for all pupils of the Community, allowing each pupil to attain the highest level of academic and skill-based attainment consonant with their interests, abilities and talents.

This ideal can only be realised by the College by building on foundations which have already been laid in the home and being assisted at all times by the parents/guardians of the pupil.

Our vision is that education is a joint effort between school, home and community.

The aim of the College is:

1. to be a centre of academic and educational excellence
2. to provide a broadly based education for pupils of the community
3. to provide conditions which will foster the fullest development of each pupil as an individual and as a member of society
4. to teach moral values, attitudes and behaviour patterns and thus engender an attitude of respect towards oneself, others and the environment
5. to enable pupils to learn, preserve and respect their own religious beliefs and worship within their faith tradition
6. to engender a spirit of ecumenism and dialogue, encouraging pupils to grow in their understanding of religious traditions other than their own
7. to help pupils to embrace change, search for truth and develop a critical faculty
8. to engender in each pupil a sense of self-esteem and an appreciation of their own dignity

9. to encourage in pupils a respect for the rights and opinions of others, irrespective of their race, sex, social background or religious beliefs
10. to facilitate pupils to have an understanding of Irish heritage and culture and Ireland's role within the European and world community
11. to impress upon pupils the need to respect personal, school and community property
12. to promote a spirit of self-discipline and integrity
13. to encourage an awareness of equality and a spirit of care and toleration
14. to encourage pupils, parents and staff, to make a positive contribution to the shaping of the College, its image and its role in the community

In order that the College may fulfil its mission and attain its aims, it is essential that all involved with the College community adhere to the code of behaviour and discipline as drawn up and reviewed by the Board of Management.

### **CASTLETROY COLLEGE TRANSITION YEAR ADMISSIONS POLICY**

Castletroy College offers Transition Year as an optional one-year programme post Junior Certificate. The aims of the Transition Year Programme reflect those specific to the guidelines published by the Department of Education and Skills, namely:

Education for maturity with the emphasis on personal development including social awareness and increased social competence.

The promotion of general, technical and academic skills with the emphasis on interdisciplinary and self-directed learning.

Education through experience of adult and working life as a basis for personal development and maturity.

The Transition Year Programme in Castletroy College is not compulsory. The maximum number of available places will be dependent upon staffing, facilities and resources and will be determined annually by the Board of Management.

### **Admissions Criteria**

For 2018/2019 academic year, we will have 144 places on offer in Transition Year. Each application will be considered on its own merit. The school must be of the opinion that a student is capable of benefiting from participation in Transition Year and, equally, that his/her participation will not prevent any other student(s) from benefiting from participation. Any decision in this regard will be taken by the Transition Year Admissions Committee, following consultation with the student's teachers, the student and the parents of the student concerned.

### **For entry into Transition Year students are required to:**

- Complete third year
- Have a proven commitment to good behaviour, hard work, attendance, punctuality and study
- Be committed to applying him/herself to Transition Year and to what it has to offer (e.g. to co-operate and participate in all events)
- Pay the full fees prior to the beginning of the Transition Year Programme.

Student's suitability to Transition Year and the suitability of the programme to the students will be considered during the application process. If there are insufficient places to meet demand for Transition Year, it will be necessary to allocate places on the basis of an independently adjudicated draw. Following such a draw a waiting list will be established from which students will be subsequently offered a place should one arise. Students who are unsuccessful in their application for Transition Year will be informed in writing and have the right to appeal the decision to the Principal. They should appeal within seven days of the refusal to the School Principal.

### **Application Procedures**

During the third year, the Transition Year Coordinator will give a formal presentation on the Transition Year Programme to third year students during school time. The qualities and disposition essential for successful participation in Transition Year will again be fully outlined to students at this presentation. She/he will make it clear to all prospective applicants that knowledge of, research into and preparation for Transition

Year, as evidenced in the application process, will be critical factors in gaining entry to the programme.

A formal evening presentation will be delivered to parents/guardians of third year students interested in applying for a place on the programme in February.

Students apply for a place on a formal application form, witnessed by their parent(s)/guardian(s).

The final submission date for applications will be outlined at the parent's information evening. Applications will be considered valid only if they are fully completed and submitted to the Transition Year Coordinator within the specified deadline.

Any application received subsequent to the stated deadline will be considered only after students whose applications were submitted on time have been processed.

### **The Transition Year Admissions Committee**

The T.Y. Admissions Committee will be responsible for assessing applications and offering places. The committee will comprise of the Transition Year Coordinator, Assistant Transition Year Co-ordinator, Deputy-Principal, Guidance Counsellor and Year Head and Assistant Year Head of the current third year students, or a nominee of the Principal to replace one of the above who may be unavailable due to illness or other circumstances.

Members of the teaching staff will be advised of the list of applicants, and will be invited to offer professional advice and judgements in writing to the T.Y. Admissions Committee within a time schedule specified by the Transition Year Co-ordinator.

The criteria outlined above, the Application Form and the Professional Advice and Judgements of the teaching staff will be critical factors in determining a student's admission on to the Transition Year Programme.

The Transition Year Admissions Committee reserves the right to interview students in relation to their applications and their suitability for participation.

### **Offer & Acceptance of Places**

Places will be offered in writing to successful applicants.

External Applications: Any application to transfer to Castletroy College from another school will be considered strictly under the terms of the school's Admissions Policy in relation to such transfers.

## **Programme Fees**

The Programme fee set annually by the Board of Management of Castletroy College is intended to assist in defraying costs associated with the various activities and courses fundamental to the programme. This does not include Admin Fee, personal insurance cover which is mandatory for all Transition Year students. This extra fee will be paid to the school office separate to the Transition Year fees. The Transition Year fee is €550 for the 2018/2019 academic year.

Students will be provided with a payment schedule following confirmation of places in the Transition Year Programme.

## **APPLICATION TO TRANSFER FROM ANOTHER SCHOOL**

The parents/guardians of students requesting to transfer from another post-primary school will be supplied with this admissions policy and are required to

- Provide copies of school reports from the previous school
- Meet the Principal and/or Deputy Principal accompanied by the student, to discuss previous progress and on-going commitment to study and good behaviour

Subject to class sizes, subject choices and available resources, the school will make every reasonable effort to facilitate a student seeking a transfer to our school. Depending on academic ability/progress, consideration may be given to repeating the academic year.

Transfer applications will be considered by applying the following criteria:

### ***Whether or not a transfer application/applicant:***

- Is in the best interest of the student
- In the best interest of the school
- Is of educational benefit to the student

- Has made available all relevant information from the former school

The Board may refuse the transfer application:

- If the Board is satisfied that there is a threat of violence towards another student or member of staff in their current school
- If it is satisfied that there is a history of the applicant's involvement in violent behaviour towards staff or students of the current school
- If the Board is satisfied that there is a history of theft from other students or from the current school
- If the Board is satisfied that the transfer is not in the best interest of the student
- If the Board is satisfied that the transfer is not in the best interest of Castletroy College
- If the Board is satisfied that there is a history of bullying towards other students or staff of the current school
- If the Board is satisfied that there is any history of possession, using and/or supplying illegal substances to others

### **REPEAT LEAVING CERTIFICATE STUDENTS**

Applicants who completed their Leaving Certificate in the school will be interviewed by the Principal/Deputy Principal to assess their suitability for the course. Applications to repeat should be made by **1<sup>st</sup> September** of the given year. Other applicants will be considered as transfer students.

#### ***Request to repeat a year excluding Leaving Certificate Year***

Students in Castletroy College are not normally permitted to repeat a year. Exceptions to this rule are:

- (a) Where a student is absent for 30 or more days in a school year and medical certification is provided **at the time**, not retrospectively.
- (b) Where a significant personal or family trauma occurs.

#### **Adults over 18: - Repeat Leaving Cert/Student Transfer**

- It is the policy of Limerick & Clare ETB and any school under its auspices, where persons over the age of 18 years apply to enrol in a programme of study which may entail contact with persons deemed to be vulnerable by reason of age, disability etc., to seek both a reference and consent for Garda vetting
- A reference will be sought from two people, one of whom must be your current or most recent employer/School Principal. Contact with referees may include written and telephone contact details. Applicants must be directly known to the referee but not related. Each applicant will be asked to complete the relevant consent form for Garda vetting and to nominate two referees whom the school will ask to complete a Reference Request Form. It is the responsibility of the applicant to seek the consent of the referee in advance of making an application for such a reference to be sought.

### **SPECIAL EDUCATION NEEDS (SEN)**

The Board of Management of Castletroy College welcomes students with special educational needs including students who are exceptionally able or talented. It is our policy to meet with the parents/guardians of incoming students with special needs, accompanied by the student himself/herself well in advance of admission in order to assess the student's records from primary school. This may involve requesting a copy of the student's medical/psychological or individual educational report, if available. The school may deem it necessary to request immediate assessment in order to assist in establishing the educational requirements of the student relevant to his/her special needs. Through LCETB the school makes early application to the Department of Education and Skills for appropriate resources e.g. special needs assistant, specialised equipment etc.

Where adequate resources are not forthcoming from the DES, the school may have to postpone admission until the DES puts such resources in place. The Board of Management will do all it possibly can to identify, plan and provide for a student with special needs or for a student with a disability seeking admission to the school.

The Board is aware of its responsibility under Section 9 of the Education Act 1998 to:

Provide education to students which is appropriate to their abilities and needs in order to ensure that the education needs of all students, including those with a disability or other special educational needs are identified and provided for.

The Board is also aware that the Equal Status Act, 2000 prohibits discrimination on the grounds of disability. The Education Act 1998 and the Equal Status Act, 2000 define disability as:

- (a) The total or partial absence of a person's bodily or mental functions, including the absence of a part of a person's body

- (b) The presence in the body of organisms causing, or likely to cause, chronic disease or illness
- (c) The malfunction, malformation or disfigurement of a part of a person's body
- (d) A condition or malfunction which results in a person learning differently from a person without the condition or malfunction or
- (e) A condition, disease or illness which affects a person's thought processes, perception of reality, emotions or judgement or which results in disturbed behaviour

Apart from any legal responsibilities, the Board accepts that it has a moral and social responsibility to promote inclusiveness and integration in Castletroy College. The principles of inclusivity and integration underpin the Admission Policy for SEN students in the College.

The Board of Management of Castletroy College welcomes applications from students with special educational needs. The Board will strive to ensure that an education appropriate to their needs is provided for pupils with special educational needs. It will seek to:

- Identify the needs of pupils
- Acquire the necessary resources to cater for students' needs
- Do all that is reasonable to accommodate the needs of a person with special needs

The application process for a special needs pupil will be the same as that of any other applicant. However, in order to assess the needs of a Special Educational Need student the parents/guardians will be requested to provide a copy of the student's educational, medical, or where appropriate, psychological reports. If the student has not been previously assessed, the written consent of the parents for a test will be required. Failure to provide such permission may result in the refusal of permission to enrol the student in the school.

In order to expedite Board requests for facilities and resources for special needs pupils, the Board will seek to identify possible applicants at an early date and encourage early applications from parents.

Castletroy College reserves the right to refuse enrolment to any students in exceptional cases. Such an exceptional case could arise where either:

- The student has special needs such that, even with additional resources available from the Department of Education and Skills, the school cannot meet such needs and/or provide the student with an appropriate education
- In the opinion of the Board of Management, the student poses an unacceptable risk to other students, to the staff or to school property.

The parents/guardians (or a student over eighteen years) have the right to appeal a refusal to enrol to Limerick & Clare ETB. This appeal should be lodged with the ETB within fourteen calendar days.

The school will use both financial and personnel resources provided by the Department of Education and Skills, to make reasonable provision and accommodation for students with disabilities or special educational needs up to a nominal cost and that these students are free to participate in the life of the school in so far as is reasonable practicable.

While recognising and fully supporting parents' rights to have a school of their choice for their children, the school's ability to accept students with particular needs are dependent on the supply of resources suitable to the needs of the individual student being supplied by the Department of Education and Skills.

The Board of Management needs to be aware of any special needs as early as possible, so that these needs can be assessed and addressed if possible.

In making provision for special needs' students the following information is required:

Has the students had access to any of the following resources?

- (a) Special Needs' Assistant or Classroom Assistant
- (b) Special Class
- (c) Help, for specific needs, from any resource teacher
- (d) Assistance with behavioural modification
- (e) Psychological assessment. Report to be provided
- (f) Any additional resources to help with their special needs
- (g) Help in areas including, visual impairment, hearing impairment, general learning disability or emotional disturbance
- (h) Any resource in relation to travel or mobility etc

If an expert report is provided, it should include a workable strategy for addressing the needs, allowing for the resources available.

The Board of Management, having gathered all relevant information and professional documentation, assesses how the needs of the special needs' students can be met.

Final confirmation of a place may, in exceptional cases, be given when the Department of Education and Skills/School confirms that the necessary resources are in place.

Note: It may take some time for the Department of Education and Skills to process such applications. Parents are strongly advised to inform the school as early as possible and discuss their particular situation well in advance of making application.

## **APPEALS**

The Board of Management wishes to state that it reserves the right to refuse an application for admission in exceptional circumstances such as where a student poses an unacceptable risk to the health and safety of the students and staff of the school and/or to school property or where a student may present with such a degree of special need that even with additional resources granted by the Department of Education and Skills, the school would not be able to reasonably accommodate the student concerned under Section 29 of The Education Act. The Parents/Guardians of any student who is refused admission will be given a copy of this policy within seven days of such refusal.

In the case of Castletroy College, which is established and maintained by Limerick and Clare ETB, an appeal against the decision of the Board of Management shall be made, in the first instance, to Limerick and Clare ETB and thereafter to the Secretary General of the Department of Education and Skills.

### **Appeal to the ETB**

An appeal will generally not be admitted unless it is made within fourteen calendar days after the decision of the Board is communicated to the parents in writing. The School Principal will notify the parent of their right of appeal to the ETB. Appeals should be made in writing on the Section 29 Appeal Application Form available from the ETB.

### **Appeal to Secretary General**

If the appellant remains unhappy with the outcome of the appeal process he/she has an entitlement to make an appeal directly to the Secretary General of the Department of Education and Skills and this may be done by contacting the Appeals Administration Unit.

## **SUSPENSION AND EXPULSION**

Please consult the school's Code of Behaviour with respect to a decision to:

- Permanently exclude a pupil
- Suspend a pupil
